## **PUBLIC TRAINING REGARDING THE NEW FCC FORM 602 FILING INTERFACE SCHEDULED FOR MAY 5, 2005**

The FCC Wireless Telecommunications Bureau (WTB) deployed the filing interface for the redesigned FCC Form 602, FCC Ownership Disclosure Information for the Wireless Telecommunications Services (Ownership Filing), on March 13, 2005. The WTB will hold a hands-on public training of the redesigned interface on Thursday, May 5, 2005, from 1:30–3:00 p.m. The event will take place in the South Conference Room (Room 7-B516), on the Seventh Floor of the Portals II building, at the Commission's Washington, DC headquarters, 445 Twelfth Street, SW. Interested parties are required to pre-register for the event by April 29, 2005.

### **New Ownership Filing Environment**

The new interface for Ownership Filing is in the Universal Licensing System (ULS) Online Filing environment, called the ULS License Manager. The ULS License Manager provides an enhanced filing environment and allows for simplified filing in question and answer format through a filing wizard. The hands-on training will include the following:

- Filing ownership information in the new environment;
- Use of additional capabilities:
  - Copying information within and across filings (*e.g.*, disclosable interest holders and FCC regulated businesses);
  - Submission of “proposed” (*i.e.*, post-transaction ownership structure) filings;
  - Saving of multiple filings prior to submission; and
- Other new enhancements, such as file numbers for ownership filings and automatic notification when ownership data is updated.

**Note:** This public event is intended to train filers on how to use the redesigned online filing interface. It will not cover issues pertaining to the particular types of information that must be submitted on Form 602 or who must file Form 602.

Pre-registration is required.
